SECRET AGENT SOCIETY (SAS) FACILITATOR TRAINING COURSE

The 14-hour SAS Facilitator Training Course provides professionals with the knowledge and skills necessary to effectively deliver the SAS Small Group program. To be an approved provider of the SAS Small Group program in the community, professionals must complete the SAS Facilitator Training Course.

During the training, professionals gain the knowledge and skills to:

- Assess the social functioning of children with social and emotional challenges,
- Deliver a comprehensive social and emotional skills program to children and their parents,
- Promote the generalisation and maintenance of children’s emotional regulation and friendship skills at home and at school,
- Manage common process issues that arise when facilitating group programs for children with social and emotional challenges and their parents, and
- Identify indicators that a child and/or family require additional support.

Follow-up support is provided by the SST to help SAS Facilitators tailor the program to meet individual client or service model needs.

SAS SMALL GROUP PROGRAM

Secret Agent Society (SAS) Small Group program consists of small group child sessions, parent and teacher information sessions and resources, real-life practice missions and a system to monitor and reward skill development at home and at school. Initially created by Clinical Psychologist, Dr Renae Beaumont through the University of Queensland, SAS is an evidence-based framework combining theories of cognitive function and behaviour change. For over 10 years, thousands of SAS Cadets have graduated as SAS Junior Detectives! In 2014, SAS was awarded the Autism Spectrum Australia National Recognition Award for advancement to acknowledge the significant, positive impact the program has on children’s and families’ lives.

The evidence-based curriculum captivates children with its espionage-themed games and activities including multi-level gamified learning through the SAS Digital Headquarters (SAS Digital HQ), Helpful Thought Missile Action Game, Challenger Board Game and Secret Message Transmission Device Walkie-Talkie Game.

Professionals learn to deliver SAS Small Group program aligned with evidence-base and clinical best practice in a 14 hour SAS Facilitator Training Course.

THE SOCIAL SKILLS TRAINING INSTITUTE

Social Skills Training Pty Ltd (trading as SST) is a subsidiary of the not-for-profit Autism CRC Ltd (Cooperative Research Centre for Living with Autism; Autism CRC) which is a world-first research collaboration. SST's mission is to develop and deliver evidence-based resources for professionals and families worldwide to assist young people to build personal and social responsibility to find their pathway.
